

**VOLUNTARY REMEDIATION PROGRAM  
DEPARTMENT OF ENVIRONMENTAL MANAGEMENT**

**PROJECT SUMMARY**

|                              |   |
|------------------------------|---|
| Site name:                   | Purdue University Airport   |
| Applicant Name:              | Purdue University   |
| Site location:               | Airport Road<br>West Lafayette, Indiana 47907                         |
| VRP Site No.:                | 6000802   |
| Project Manager:             | Michael Habeck  |
| Date received:               | August 18, 2000   |
| Date completed:              | March 12, 2003  |
| Contaminant(s):              | Benzene, toluene, ethylbenzene, xylenes,<br>polyaromatic hydrocarbons |
| Media Addressed:             | Soil and groundwater  |
| Cleanup Objectives Achieved: | VRP Tier II Residential   |
| Deed/Land use restrictions:  | N/A   |
| Engineering Controls:        | N/A   |

**Project Summary:** The site is a 0.15 acre portion of the Purdue University Airport. Two 12,000 gallon underground storage tanks used to contain aviation fuel were installed in 1979 and removed in December, 1999. Stained soils were observed during the removal process. However, subsequent sampling of soils and groundwater at the site revealed no contamination exceeding VRP Tier II residential cleanup goals.
